Q: When do we have to start paying rent to the MPEA for this space, once we have a working system on the roof or upon lease/license execution?

A: Price proposals must include a non-refundable good faith deposit for the period between when the license is executed and when the installation/system/equipment is complete and active.

Proposals should clearly indicate the estimated schedule for design and installation/construction. The full monthly Base Rent will start once the construction/installation is completed and equipment is active.
