INVITATION FOR BIDS #2022-07-M
GREASE TRAP CLEANING SERVICES

ADDENDUM NO. (1)

July 13, 2022

This Addendum No. 1 consists of one (1) page and has the following information to be incorporated into the Invitation for Bids (IFB). Bidders must acknowledge receipt of this Addendum No. 1 in their IFB submittal in Required Form A, Bid Form.

Item #1: Bidders' questions and/or requests and the MPEA's responses are provided below.

Bidders' Question:	MPEA's Response:
<p>I see the IFB has a requirement for 25% MBE and 5% WBE requirement. However this work has been performed for the past several years without any subcontracting to any other companies at all. Reason being special permits are required to pump, haul and dispose of grease. It is also typically as-needed work. Because of these factors I do not believe subcontracting any of this work for this particular project is viable. This was taken into consideration last time this was bid and there was a 0% requirement at that time because of the nature of the project.</p> <p>Considering this, would you waive the requirement for MBE/WBE subcontracting for this IFB?</p>	<p>Please refer to Required Form I – Special Conditions Regarding Minority and Women Owned Business Enterprises – Section VIII. Grant of Relief/Reduction of MBE/WBE Goals and Waiver Provisions.</p>
