	Bidders' Question:	**MPEA's Response:**
1	From my understanding of the paperwork, are there 16 basins to be cleaned with the total of 14,300 gallons and also is there a line item for the bid I don't see a bid sheet anywhere in the email or do I just write prices under the description? Please advise.	Yes, that is correct. There are 16 basins with the total of 14,300 gallons to be cleaned. The bid form is posted under the IFB documents on MPEA's website and should be used to provide pricing for each listed description of service. Please refer to Item #2 above.
